In the Spanish-Hispanic Studies section at Swansea University we take pride in the range and flexibility of our degree schemes. We provide you with the opportunity to study a major world language and discover the rich history of Spain, Portugal and Latin America, not to mention the chance to experience life in a Spanish-speaking country first-hand during your year abroad. Our staff, all experts in their fields, specialise in a range of research areas. These currently include Latin American literature and culture, contemporary Spanish politics, twentieth and twenty-first century Spanish and Catalan literature. The research expertise of our lecturers and professors feeds into the optional intercultural modules from which our students choose at an undergraduate level.

Swansea University’s Spanish Society is a student-run organisation which offers exciting opportunities to develop and hone your linguistic skills in the target language. Through a wide range of social events, you will meet Spanish-speaking students who are studying at Swansea as part of the Erasmus exchange programme, as well as Hispanic Studies students from a variety of courses and levels, both undergraduate and postgraduate.

Study and Courses

At Level One students take compulsory modules in Spanish language and, for most schemes, a module on Hispanic culture designed to introduce you to the rich diversity of Hispanic history, politics, literature and film. Beginners in Spanish follow intensive language modules in their first year in order to reach a standard equivalent to A-level. There are a range of optional modules available including Contemporary European Film.

In the second year (Level Two) you continue to develop your language skills and, depending on your degree scheme, you choose from optional modules such as: Translation Workshop; Barcelona/ Buenos Aires; The Evolution of the Spanish Language; Teaching English to speakers of other Languages (TESOL).

In your final year (Level Three), following your degree scheme, you choose from optional modules in Spanish language and, for most schemes, a module on Hispanic culture.

Swansea University has one of the best records in the UK for facilitating access to higher education for disabled students. We welcome applications from candidates with non-traditional qualifications and applicants from outside the UK.

This brochure was printed in the spring of 2017. It contains information on the undergraduate programmes that Swansea University intends to run for students who are planning to start university in the autumn of 2017. We have made every reasonable effort to ensure that the information provided is both helpful and accurate as at the date of publication. However, some changes, for example to programmes, study location, placement opportunity, facilities or fees may become necessary due to legitimate staffing, financial, regulatory and academic reasons. We will endeavour at all times to keep any changes to a minimum and to keep prospective students informed appropriately. Any changes to the information contained in this prospectus will be updated quarterly on the online course pages at: www.swansea.ac.uk/undergraduate/courses.

Career Opportunities

91% of Modern Language graduates are employed within 6 months after graduating (DLHE 2015)

Employability rates for language graduates are very good. For some jobs excellent language skills are a prerequisite, e.g. teaching, translating and interpreting and some civil service departments. There are many other jobs where you will use your Spanish alongside other skills, for instance in the media, business, finance and advertising. You will also develop important transferable skills with us, such as communication and analytical skills.

The College of Arts and Humanities is located in the traditional Singleton Park campus at Swansea University. Swansea University is ranked in the UK top-15 for student satisfaction (NSS 2016), in the UK top-30 for graduate employment/ further study (all UK league tables) and is a global 5 star rated institution for excellence (QS Stars 2017). The University Sports Village offers student athletes a state-of-the-art training environment and the outstanding natural environment provides students with a host of opportunities to pursue an active lifestyle. The cost of living and accommodation costs are low in Swansea. Students with disabilities are allocated on-campus suitable rooms.

“I chose to study at Swansea University because the range of subjects offered suited my interests. I spent my third year teaching English language in a school in Gran Canaria. It was a most exciting and nerve racking experience but I enjoyed every minute of it. I developed my Spanish language skills and also had the opportunity to work and travel. I chose Swansea University because of its location. It is close to the park, the beach and near to a vibrant city centre where there is lots of nightlife. I have thoroughly enjoyed studying at Swansea.”
