<b>Department/Subject:</b>	Data Science
<b>Salary:</b>	Grade 8: £39,355 to £45,413 per annum per annum together with USS pension benefits
<b>Hours of work:</b>	35 hours per week (100% FTE)
<b>Contract:</b>	This is a fixed term position until March 2028
<b>Location:</b>	This position will be based at Singleton Campus

<b>Main Purpose of Post</b>	<p>Applications are invited for the position of Research Officer for PROMISE (Prevention of Risks and Onset of Mental Health problems through Interdisciplinary Stakeholder Engagement) within the Self-Harm, Suicide Prevention and Mental Health Team based at Swansea University, led by Prof. Ann John.</p> <p>Join a highly multidisciplinary team at Swansea University Medical School to conduct population mental health research, analysing a world-class population-level dataset containing billions of records using a mix of traditional and novel analytical methodologies. This is an exciting opportunity to make your work count, with the potential to have real impact on preventing suicide, improving self-harm interventions and policy decision in Wales.</p> <p><b>Key Duties and Responsibilities:</b></p> <ol style="list-style-type: none"> <li>1. To process and analyse data from multiple sources within the SAIL Databank, including health records, social care data, and educational data</li> <li>2. To deliver on a specific research questions within the team related to suicide prevention, self-harm and mental health</li> <li>3. To undertake highly complex and structured data analyses, dealing appropriately with potentially duplicated records, missing and erroneous data, and documenting the methodology</li> <li>4. Write reports and papers and present research results to peers at conferences and industry collaborators</li> <li>5. Pro-actively contribute to and conduct research, including gathering, preparing and analysing data and presenting results</li> <li>6. Be self-motivated, apply and use initiative, aiming to determine suitable ways to tackle challenges</li> <li>7. Use creativity to analyse and interpret research data and draw conclusions on the outcomes</li> <li>8. Interact positively and professionally with other collaborators and partners</li> <li>9. Contribute pro-actively to the development of external funding applications. The appointee will be expected as a normal part of their work to be actively engaged in writing, or contributing to writing such applications.</li> <li>10. Contribute to Faculty organisational matters in order to help it run smoothly and to help raise its external research profile.</li> <li>11. Keep informed of developments in the field</li> <li>12. Demonstrate and evidence own professional development, identifying development needs with reference to Vitae Researcher Development Framework particularly with regard to probation, performance reviews, and participation in training events.</li> <li>13. Maintain and enhance links with professional institutions and other related bodies</li> <li>14. Observe best-practice protocols in maintenance and retention of research records</li> </ol>
	<b>General Duties</b>
