The Allocation Policy is reviewed annually to ensure that it reflects the current University strategic aims and objectives and takes into account the requirements of the student body, following consultation.

- Students under 18 years of age
- Date order of application
- Date accepted on to course/programme
- Accommodation preference

*Medical/supporting evidence must be provided to RS and details need to be noted on the accommodation application form. It may not be possible to re-allocate rooms or cater to specific needs close to the start of the new academic year.

Whilst students meeting the above criteria are able to apply for accommodation in the University or SAS residences, RS is not obliged to offer accommodation for more than one year at a time.

3. ELIGIBILITY

Students or other parties not able to apply for or utilise university or SAS Lettings properties.

Categories of students who have:-

- Not started on the course accepted
- Not Enrolled with the university prior to the deadline set
- Withdrawn from studies and no longer a student
- Suspended from studies (unless continuing during the same academic year)

Students not enrolled or not commenced on a course:-

Students who are not fully enrolled with the University are **not** eligible to live in University Residence; this also applies to (SAS) managed properties. Students found to be in this category will be;

- Contacted to clarify their student status
- Advised that as a non-enrolled student they are not eligible for University accommodation
- Invited to complete their University enrolment – in which case they will then be entitled to apply for accommodation or remain in the residences/house
- Students who have withdrawn or suspended studies:-
- Students who withdraw or suspend studies must complete a Release from Accommodation Request form and submit it to RS as soon as they are aware. **The form is available here:**
www.swansea.ac.uk/accommodation/document-store/

RS receives a notification of withdrawals and suspensions on a weekly basis from Information Services and Systems and will contact students who have not submitted a form to ensure that this is completed.

Students requiring temporary accommodation

Swansea University does not have any designated temporary accommodation for students either at the beginning of or during, an academic year. Students who have not made an accommodation application or notified RS of their arrival in Swansea should book into a local guesthouse for the first few nights of their stay.

The University cannot subsidise or reserve this accommodation on behalf of the student. A link to information about local hotels and guesthouses can be found on the page below:-

www.swansea.ac.uk/accommodation/a-z/

Grounds on which an Accommodation Application can be refused

Students may be refused accommodation for additional years, outside of the restrictions mentioned above if:-

- They have outstanding rent due on a previous period of residence or have reached “Reminder letter 3” stage in the Debt Management Procedure.
- They have been the subject of disciplinary action due to serious breaches of residence regulations leading to sanctions in the D and E stage of the disciplinary matrix.
- If following the offer of accommodation, a student is found to have a criminal record that makes it inappropriate that they live in a communal environment the offer will become null and void. All such matters must be disclosed at the time of application. The Systems and Administration Manager will make the initial assessment; any appeal received being processed by the Head of RS.* see also Appeals section below

Students who wish to book accommodation in a SAS Lettings Property and have an offer from the University which has not yet been confirmed may book accommodation, however, if their offer is not confirmed and the tenancy has started they will be liable for rent due until a replacement can be found. If the tenancy has not yet started their Reservation Deposit will be retained.

It is not possible to offer any accommodation in a SAS property to non-students-

4. FINANCIAL OBLIGATIONS

It is the student’s responsibility to notify RS of any change to their plans to study in Swansea or take up their accommodation.

Cancellations prior to arrival

Students who are deferring for a year will have their Reservation Deposit rolled over to the following year provided they notify Residential Services 7 days before the tenancy start date.

Students who have paid a Reservation Deposit and cancel their accommodation please note this is non-refundable.

Non-arrivals

Students who do not arrive by midday on the Monday following the tenancy start date and who have not notified RS of their late arrival may have their accommodation booking cancelled and the deposit retained.

Rooms cannot be held beyond the first week of term unless the first term's rent has been paid in advance. Students who hold a room in this way and later find they are unable to attend the University will be charged rent until the room can be re-let.

If a student who has been delayed agrees to release their room, RS will hold their deposit and attempt to allocate another room on arrival. If no room is available, assistance will be given, via SAS, to find private accommodation and the deposit refunded.

Students who have accepted an offer of a room online without having viewed the room are entitled to cancel the booking within 7 working days of the acceptance. If however, the student has collected the key and moved into the room this is no longer applicable.

5. RELEASE FROM ACCOMMODATION & ROOM TRANSFER REQUESTS

All requests must be made via the request forms which can be found in our online document store. www.swansea.ac.uk/accommodation/document-store/

Transfer Requests

There are several ways in which a student can transfer to alternative accommodation:-

- **A Pre Arrival Transfer** - this is made before moving into University residences by completing a Pre-Arrival Transfer form (no fee)
- **Room Swap** - Once in accommodation - A room swap page will go live on Facebook where students can seek a swap with another student – £5 charge
- **In House Transfer** - Transfer to a different room within University residences – students will pay a transfer if the room move is accepted. - £50 charge

Whilst every effort is made to fulfil all requests, due to various circumstances this is not always possible.

Waiting list

A waiting list for University residences will open approximately two weeks after the start of the academic year. Priority for rooms will be given on the same basis as the original accommodation allocations (see above). Vacancies created by students withdrawing from or suspending studies will be considered before students requesting release into the private sector unless there is a requirement for a particular room type.

6. ACCOMMODATION RELEASE REQUESTS

Students Withdrawing or Suspending studies

Once Academic Services confirms their status, students will be liable for a minimum of 6 weeks' rent from the date of submission of the form. Their liability for rent will be ended at this time provided they vacate the room and return the keys. If a replacement tenant can be found sooner than the 6- week end date, the tenancy substitution charge will be added to the total due.

Mid-year

If a student has withdrawn or suspended studies and returned their key, it may be possible to fill their

room with a replacement tenant (not current resident) sooner than the 6-week notice period. RS staff will liaise with the Residence team to ensure that the room can be made available for the new occupant.

It will not be possible to start a new tenancy during the winter vacation period due to operational restrictions.

End Year turn round (40-week tenancies)

Students wishing to stay an additional night/nights can only do so with the agreement of site staff and the Finance and Administration Manager. Any additional night's stay will be charged at the room rate.

Summer stay bookings from new tenants cannot be taken until the Monday of the week following student departures at the earliest and may not be able to be taken until the Friday of that week depending on other operational commitments. There is a minimum booking of 3 weeks

7. APPEALS

Students, who wish to appeal against any decision related to room allocations should initially put their case in writing to the Head of RS. If the situation cannot be resolved at this stage, the appeal will then be passed to the Director of Student Services.

When the provision of false or misleading information in support of an application becomes known after moving into accommodation or an offence is subsequently committed:

1. The relevant RS Officer shall write to the student outlining the discrepancy and requesting the student to submit a written reply, addressing why false or misleading information has been provided.
2. The reply shall be referred to the Head of RS who shall decide whether the candidate has a case to answer.
3. If it is decided that there is a case to answer, the student shall be invited to respond before a decision is taken as to possible sanction.
4. If, after considering the student's response to the allegation, it is decided that there has been a deliberate attempt to provide false or misleading information, or an offence has been committed which makes it inappropriate that they live in a communal environment, one or more of the following penalties shall be invoked:
 - The student may be moved to alternative accommodation
 - The student may be requested to leave university accommodation
5. Students who wish to appeal to the Director of Student Services against any sanctions imposed can do so.
