INTERNATIONAL DEVELOPMENT OFFICE
Singleton Park
Swansea
Wales, UK SA2 8PP
WELCOME FROM OUR VICE-CHANCELLOR

Swansea University is an ambitious UK university with a long history of working closely with industry, ensuring that courses are relevant to employers’ needs and that our world-class research has a real impact on global issues.

Swansea University is on a strong upward trajectory which is attracting significant investment to provide the most up-to-date facilities. In the Research Excellence Framework exercise (REF) 2014, Swansea became one of the top 30 research universities in the UK. 90% of Swansea’s research was judged to be internationally excellent in its impact and a third of its research is now classed as world-leading. This means that students are taught by, and work alongside, some of the best academic minds in the country and even the world.

The momentum we have gained as one of the UK’s most ambitious, research-led universities has made us a natural choice for many talented students, and the increase in applications to study here is a clear indication of our success.

In the first Teaching Excellence Framework (TEF), an independent panel of experts judged that Swansea University delivers high quality teaching, learning and outcomes for its students. It consistently exceeds rigorous national quality requirements for UK higher education and has been rated worthy of a Silver award.

It is a privilege to be the Vice-Chancellor of such a successful university. We pride ourselves on being an international university with many of our degree schemes offering students the opportunity to spend a year or semester studying abroad at one of our partner universities across the world, further enhancing career opportunities in a highly competitive graduate marketplace. This guide will introduce you to the University, highlighting our academic colleges, courses and campus environment that have already attracted staff and students from over 100 different countries.

I believe that we’ve struck the right balance of excellent teaching and research, matched by a superb quality of life. I hope you’ll join us.

WHAT IS EMPLOYABILITY?

Employability is the term used to describe the skills needed to get a job.

At Swansea University we are committed to equipping our students with the skills and expertise needed to get a job after finishing a course with us.

WHilst studying, you will benefit from:

- An on-site Careers Team
- Courses with work placements available (please see course listings for more details, p37)
- Opportunities to study and work abroad (please see p30 for more details)
- Annual career fair
- Mock interviews and advice on the recruitment process
- Gradintel job matching service
- Employers’ talks
- Placements programme
- Swansea Employability Award
- Dedicated Employability Academy

SWANSEA EMPLOYABILITY AWARD

Unique to Swansea University, this award is formally recognised in your Higher Education Achievement Report (HEAR) and allows up to four employability modules to be taken. The modules will help you:

- Find out what you really want to do
- Explore the Possibilities
- Plan and Make it Happen
It can be hard to imagine what career path you might follow after completing your degree. This section will give you an idea of just some of the future careers that our programmes could make possible for you.

**ENERGY AND POWER INDUSTRIES**

Comprising the petroleum, gas, electricity, renewable and alternative energy industries, this sector fundamental social and economic infrastructures. We offer a range of programmes aimed at preparing graduates for a variety of roles in this dynamic and rapidly growing sector:

**POWER ENGINEERING AND SUSTAINABLE ENERGY**

This postgraduate programme places a strong emphasis on state-of-the art semiconductor devices and technologies, advanced power electronics and drives, and advanced power systems allowing graduates to extend their technical knowledge and fast-track their career.

**ENVIRONMENTAL ENGINEERING**

Our Environmental Engineering degrees equip graduates to be 21st Century engineers prepared to meet the environmental challenges of industry and society. The courses are based on the rationale that environmental engineering is important for all human endeavour and not simply about construction within the environment.

**LAW IN THE ENERGY SECTOR**

Within the expanding energy sector, legal professionals are required to deal with diverse topics such as intellectual property rights for new oil and gas technologies, complex joint venture contracts, and compensation regimes for pollution liability. Our LLM in Oil and Gas Law presents students with the opportunity to gain expertise in this vital and rapidly changing area.

**GEOGRAPHY**

Within our Department of Geography there are a range of subjects to help students develop an in-depth knowledge of the scientific issues underpinning environmental change and ecosystem dynamics.

**TRANSPORT AND LOGISTICS**

Playing a critical role in any economy, this sector encompasses a range of jobs that ensure the smooth delivery of goods and services.

**LANGUAGES**

Vital to ensure that communications on a global scale are effective and understood, a languages degree gives you the confidence to conduct business in a language other than your mother tongue.

**MATHEMATICS AND ECONOMICS**

Within any company, the analysis and monitoring of any numerical data – be it long term financial predictions, risk analysis or identifying trends. We offer a range of Mathematics and Economics programmes at undergraduate and postgraduate level which will equip students with skills.

**OPERATIONS AND SUPPLY CHAIN MANAGEMENT**

Open to students from any background, our MSc Management (Operations and Supply Management) gives students an understanding of how the effective management of resources and overcoming challenges in supply chains can transform a business operation.

Our graduates have gone on to work as:

- Transport Manager
- Operations Manager
- Project Manager
- Risk Analyst

**£26,536 AVERAGE STARTING SALARY FOR ENGINEERING GRADUATES**

**94% STUDENT SATISFACTION (BSc Mathematics for Finance, NSS 2016)**

**PAN-UNIVERSITY ENERGY & ENVIRONMENT RESEARCH THEME**

**INTERNATIONAL HOME TO THE INSTITUTE OF SHIPPING & TRADE LAW**
HEALTH AND SOCIAL CARE
Both our College of Human and Health Sciences and Swansea University Medical School offer a number of programmes that are suitable for students looking to enter or progress within this sector, such as:

APPLIED MEDICAL SCIENCES
Applied Medical Sciences is the science that underpins medicine. Our BSc Applied Medical Sciences provides the ideal springboard for careers in research and innovation as well as further study such as Graduate Entry Medicine.

PSYCHOLOGY
Validated by the British Psychological Society (BPS) our Psychology degrees allow students to explore the relationship between the mind, brain and behaviour.

SCIENCES AND PHARMACEUTICALS
This sector is broad and encompasses careers in chemicals, life and natural sciences to name but a few. A range of our departments offer courses with pathways into this sector:

CHEMISTRY
A chemistry qualification opens the door to a wide range of careers options, both in and out of the lab. Our Chemistry degrees offer modern teaching in purpose built laboratories and modules cover the main branches of chemistry, namely organic chemistry, inorganic chemistry, physical chemistry and instrumental and analytical techniques.

BIOLOGY
We have a range of programmes in this area – including Marine Biology, Zoology, Biochemistry and Genetics. Students across all programmes gain valuable laboratory experience giving them a solid foundation from which they might go on to work in clinical or research environments.

COMPUTER SCIENCE
We have programmes that are broad ranging or specialised depending on your interests and future career goals. Careers from our Computer Science programmes might include working the software development industry, computing education or security to name but a few.

Our graduates have gone on to work as:

• Organic Chemist
• Analytical Chemist
• Ecologist
• Research Assistant
• Clinical Lead Pharmacist

GUARANTEED INTERVIEW FOR GRADUATE ENTRY MEDICINE FOR STUDENTS ON OUR BSC APPLIED MEDICAL SCIENCES (prerequisite modules and satisfactory grades required)

STATE-OF-THE-ART CLINICAL PRACTICE FACILITIES

MEDICAL ENGINEERING
Medical Engineering at Swansea University draws on the exciting medical research taking place within the College of Engineering and the Medical School. The course equips students with engineering skills, whilst also providing the added experience and knowledge of anatomy and physiology, and the ability to communicate with clinicians.

Our graduates have gone on to work as:

• Trials Data Manager
• Social Therapist
• Clinical Informatics Specialist
• Clinical Psychologist

£31 MILLION COMPUTATIONAL FOUNDRY OPENING IN SEPTEMBER 2018
BRAND NEW MULTI-MILLION POUND CHEMISTRY HUB IN DEVELOPMENT
HOSPITALITY, LEISURE AND TRAVEL
This sector includes a broad range of jobs within areas such as sports, tourism and events. Many jobs will require excellent interpersonal skills, and the ability to communicate in another language should never be underestimated:

LANGUAGES
If you chose to study a language with us you also have the opportunity to learn three languages at undergraduate level, positioning you for a truly global career path. In addition, the Students’ Union has a range of societies dedicated to different languages and cultures, giving you plenty of opportunity to learn more in an informal setting. Amongst these student run societies is also the British Sign Language society which is a fun way to learn a valuable skill which can break down communication barriers for those who are hard of hearing.

MARKETING
Contemporary marketing requires analytical skills, numeracy, data management and strategic management as well as creativity in relation to marketing. Our Marketing programmes are tailored to individuals wishing to develop a career in marketing that requires a sound understanding of applied processes, as well as theoretical and academic perspectives.

HISTORY
Completing a degree in History not only gives you a thorough understanding of the subject matter you have been studying, but a host of transferable skills such as research and analytical skills and the ability to problem solve and make decisions, as well as ways to present your ideas in a range of formats. Our graduates have gone on to work as:
• Retail Manager
• Event Manager
• Translator
• Client Relationship Manager

CULTURAL AND CREATIVE INDUSTRIES
Currently providing over 29 million jobs worldwide, this sector includes advertising, design, fashion, film, music, software, video games and TV and radio. Opportunities for developing your skills for this sector are not just limited to out degree programmes; you could also get involved with our student-run:
• Newspaper and magazine
• News website
• Radio station

MEDIA, COMMUNICATION AND PR
Our degree programmes at both undergraduate and postgraduate levels in these areas cover print, broadcast, film and new media and include tuition by industry professionals. We also offer work placement opportunities in media, journalism, broadcasting and public relations organisations.

CREATIVE WRITING
Undertaking a degree that involves Creative Writing will give you the chance to learn how to write in a range of different styles which can help you grab the interest of future customers, produce a commanding report or clearly explain complex processes and procedures – all skills that employers are looking for.

COMPUTER SCIENCE
The practical nature of our programmes in the Department of Computer Science means that students are always having to think creatively to solve the problems that are given to them. This combination of creative problem solving and technical skill can make students very attractive in the job market.

Our graduates have gone on to work as:
• Marketing Manager
• Web Content Manager
• Brand Specialist
• App Designer
• Copywriter
BUCHIZYA SILWIZYA
BSC BUSINESS MANAGEMENT

“Swansea is the perfect serene place. I can enjoy the serenity of the beach and parks as well as activities – it is a home away from home.

Swansea University has a diverse community, and you can make friends with people from all over the world. It is these global friendships and connections which can be a gateway to success.

I have access to the Swansea University Employability Academy which helps me to prepare for interviews, writing CVs and develop confidence. My course provides a business planning and start-up module which gives me an opportunity to get my entrepreneurial juices flowing. This module has given me so many ideas for investing, partnering and creating innovative ideas to provide solutions to today’s business challenges.

Some modules can lead to accreditation from industry including CIM and CMI, which means I don’t have to worry about taking additional exams after I graduate. I can enter the job market knowing that the knowledge that I gained from the course is of an industry standard.”

JINGRU LI
BENG CIVIL ENGINEERING

“Swansea University is one of the top universities for civil engineering, with a lot of opportunities for students to network with large companies such as Tata Steel and GE. The University offer employability related events throughout the year, which gives me real opportunities to network with employers and gain employment after I graduate.

Students and lecturers interact really well, and I get support from my personal tutor. I arrived alone, not knowing anyone but I made friends and the staff have been like parents – they have been supportive and offered me a lot of help.

My dream is to become a CEO of a construction company and all the knowledge and skills that I have gained, the friends and contacts that I have made will really help me to achieve my goal. Coming to Swansea is like a gift. I have met people from different countries and backgrounds, and every time I talk with someone I learn something new; it broadens my mind and I become inspired. Coming to the UK has been the best decision that I have made. Everyone should experience something fresh and new that is different from their own background.”
Swansea University is like living in a ‘Nature Resort’, it is surrounded by the beach, greenery and it is a safe student city. I can recommend the University to any solo female students.

I chose Swansea University because of a unique course that combined Public Health and Health Promotion. The course also offered a placement module where I gained experience in a first class healthcare system, and I can apply my knowledge back in my home country to enhance the health and wellbeing of women.

My lecturers are friendly and approachable and I can address them by their first name rather than by title. This creates a friendly learning atmosphere where teaching is through discussion, which makes the understanding of information so much easier and much more interesting.

Although I was very nervous coming here, I have met many international students which has provided me with a great support network. Also, the International@Campus Life team host international events and they can provide additional support to make you feel a part of the international community.

"Swansea University has a network of appointed International Alumni Chapters to meet potential students in their country and to ensure graduates stay connected with the University throughout their career.

Is there a Chapter in your area? Visit swansea.ac.uk/alumni/stayconnected/internationalchapters to find your nearest Chapter and start growing your network."
RESEARCH
Swansea is a research-led University. This means that our academic staff are constantly pushing the boundaries of knowledge within their fields, which not only informs what we teach on our degree programmes, but have an impact on the lives of people around the world. By studying at a research-led university you will benefit from the knowledge and skills of academics who are outstanding in their field: they can explain material more easily and can share their passion and enthusiasm for the subject.

TEACHING AND LEARNING:
At Swansea University we are proud to have been given a Silver award in the inaugural Teaching Excellence Framework (TEF). The independent judging panel evaluated metrics including continuation rates, student satisfaction and employment outcomes.

As a student we provide you with an excellent learning environment and a range of resources to allow you to realise your potential:
- Personal tutor for each student
- On-campus libraries open 24 hours a day
- Free wifi on campus
- Over 1,800 PCs and availability checker
- Assignment Survival Kit to assist with scheduling your work load
- Student run subject societies

INDUSTRY LINKS
Swansea University is well connected with industry: We collaborate with a number of commercial and industry partners to develop our research, provide industry placements for our students and to ensure that our course content is relevant to employers.

Our portfolio of industry links includes:

HSBC
SONY
JAGUAR
Rolls-Royce
Santander
FUJITSU
MARKS & SPENCER
AIRBUS
TATA
Johnson & Johnson

ACADEMIC SUCCESS PROGRAMME:
Our Academic Success Programme (ASP) is offered free of charge to all students. Whether you are going to university for the first time or continuing on your academic journey, the ASP team is set up to help you gain confidence and enhance your academic skills.

The programme includes a variety of courses such as academic writing, critical thinking and presentation skills. In addition, the team collaborates with our academic colleges, offering bespoke workshops and support.
Swansea University has two campuses with both located close to the city centre and the beach.

The city of Swansea is medium sized by UK standards and has a modern, cosmopolitan feel. Swansea will be attracting a significant amount of investment in the coming years, with plans currently in place for the development of a Tidal Lagoon, Conference and Exhibition Centre, HydroHub and Digital District - making it a very exciting place to be!

Waales

Wales is one of the four countries that make up the United Kingdom (UK). Wales has its own language – the oldest living language in Europe – and the University offers discounted Welsh lessons if you would like to learn!

Wales has an abundance of castles to explore, mountains to climb and delicious local dishes to try – the perfect antidote to a long week of studying. If you would like to find out more about things to do in Wales, we recommend that you visit:

Our Location
THE GREAT HALL
At the heart of the Bay Campus stands the Great Hall. This £32m facility was designed by the world renowned architect Dr Demetri Porphyrios. The ground floor houses lecture theatres and break-out teaching spaces, and the first floor a 700 seat auditorium and café bar with stunning views over Swansea Bay.

OTHER FACILITIES AVAILABLE:
- Students’ Union
- Gym and sports facilities
- Laundrette
- Coffeeopolis coffee shop
- Tesco Express shop
- Santander bank

SCHOOL OF MANAGEMENT
The School of Management has a thriving student community drawn from around the globe. The School has a dynamic research culture centred around a number of research groups and its students benefit from the expertise of world-leading academics who are involved in teaching at all levels.

ENGINEERING
The College of Engineering is recognised internationally for its teaching and research. With its world-class research centres and a supported investment programme, it provides outstanding resources and facilities for teaching, and a superb environment in which to study.

THE CORE, FOOD COURT
The Core provides a warm, cosy interior in the winter and pavement dining in the summer. It is a brand new, modern food court style dining space offering a diverse range of cuisines to suit all tastes.

COMPUTATIONAL FOUNDRY
Due for completion in September 2018, the Computational Foundry will be a world-class centre for computational research within the heart of the Bay Campus.

TOWER INFORMATION CENTRE
The Bay Campus has a dedicated team to provide assistance with any aspect of student life. Situated under the clock tower, the team can help with visas and immigration, money, health and wellbeing.

LIBRARY AND INFORMATION CENTRE
The Bay Library provides students with access to a range of online journals, e-books and datasets. It has 400 open and social study spaces, and zoned silent study spaces for 150 students. The Bay Library is open 24 hours a day.

STUDENT ACCOMMODATION
Bay Campus is one of the only university campuses in the UK with direct access on to the beach and its own seafront promenade. The architecture has been designed to ensure a friendly and collegiate feel, creating a strong sense of community.
TALIESIN ARTS CENTRE
Taliesin Arts Centre is a public arts venue which hosts cinema showings of the latest films and live performances by professional music and theatre companies. The award-winning Egypt Centre, based in Taliesin, is home to a collection of over 5000 Egyptian artefacts.

ARTS AND HUMANITIES
The College’s exciting and innovative teaching and research enriches its contribution to local, national, and global communities and informs an excellent student learning experience. Arts and Humanities has six departments: Academi Hywel Teifi, Adult Continuing Education, English Language and Literature, History and Classics, Languages, Translation and Communication, and Politics and International Relations.

SCIENCE
The College of Science is made up of the Departments of Biosciences, Chemistry, Computer Science, Geography, Mathematics and Physics. It brings science to life through globally excellent and impactful research, passionate hands-on teaching and two-way engagement with the business community. The College is focused on combining the best interdisciplinary research to build a creative community where science can flourish and enhance our world.

OTHER FACILITIES AVAILABLE:
• Sports Village and National Pool
• Students’ Union
• Library
• Student accommodation
• Laundrette
• Santander bank
• Doctors surgery
• Dentist

LAW AND CRIMINOLOGY
Ranked top for law in England and Wales in the 2015 National Student Survey (NSS), the College aims to encourage and support research of world-leading and international quality, to provide an outstanding student experience and to raise the profile of Law and Criminology.

FULTON HOUSE
Fulton House is located at the top of the University’s driveway and is home to Swansea University’s Students’ Union. It also houses a supermarket, Fulton Outfitters (clothes and gift shop), Post Office, Travel Shop, Santander Bank and several food outlets.

MEDICINE
Swansea University Medical School is one of the fastest growing medical schools in the UK, combining a distinctive interdisciplinary approach, close collaboration with industry and an emphasis on innovation through technology and research excellence.

MOSQUE
Swansea University has an award-winning mosque on campus which is an integral part of life for most of its Muslim students. Our campus mosque is a great way for students to mix with and befriend people from all over the world. It is this diversity that makes it such a unique and interesting place to be.
We have a number of accommodation options available and a dedicated Residential Services team who can assist you.

LIVING ON CAMPUS:
Living in Singleton Park or Bay Campus residences puts you right at the centre of University life. Self-catering accommodation comprises fully furnished, en-suite and standard rooms with a shared kitchen and dining area – ideal for helping you to settle into student life quickly and meet new people.

LIVING IN THE STUDENT VILLAGE
Approximately two miles from campus is the Hendrefoelan Student Village. The Village provides self-catering accommodation and shared facilities in flats and houses of varying sizes. If you choose to live in the Village, you will have your own room at an affordable rate that compares favourably with private sector accommodation. Student life at the Village is sociable, supportive and you will benefit from:
• On-site laundrette
• Convenience shop
• Regular bus service during term time (local bus fares apply)

FAMILY ACCOMMODATION AT BECK HOUSE
We have a number of family flats at our designated quiet residence, Beck House, approximately one mile from campus in the popular student area of Uplands. Due to the 51-week tenancies, this accommodation is suited to postgraduate and international students.

FINDING THE PERFECT PRIVATE SECTOR HOME
If you’d prefer to live off campus, you’ll be pleased to know that there is a good supply of quality private sector student houses and flats in Swansea. The University’s letting agency, Student Accommodation Services (SAS) manages over 145 properties in the popular student areas of Brynmill, Uplands and Sketty which are within two miles of Singleton Campus and in St. Thomas and Port Tennant, close to the Bay Campus. These areas are also close to local facilities such as shops, bars and restaurants.

Our online, searchable database, Studentpad, allows you to search for available private housing in the area and takes the effort out of house-hunting. Search for available accommodation via:
swanseastudentpad.co.uk/Home

NEW INTERNATIONAL STUDENTS
GUARANTEED UNIVERSITY ACCOMMODATION FOR 1ST YEAR
*subject to accommodation application being received by the 30th June deadline

ACCOMMODATION TIMELINE
FEBRUARY
Applications open for new students. If you have an offer from us, you can make an application as soon as possible after the opening date.

JUNE
30th June is the last day to apply for guaranteed University accommodation. Accommodation applications remain open after this date so please continue to apply online. Other options are available if University accommodation cannot be guaranteed or offered.

JULY
Summer accommodation is available for pre-sessional English programme students.

AUGUST
Swansea University starts to accept and allocate accommodation for clearing and late applicants. Accommodation offers are sent out weekly - please check your accommodation account.

SEPTEMBER
Residential Services allocate accommodation to final late applicants and send offers every Wednesday.
**ACCOMMODATION FAQS AND KEY FACTS**

**IF I APPLY FOR UNIVERSITY ACCOMMODATION AM I GUARANTEED A ROOM?**

You need to apply for accommodation by 30th June and fulfill the requirements of your academic offer from the University to be guaranteed accommodation. However, we do not guarantee that you will be allocated your first choice of room.

**WHAT HAPPENS IF I DON’T PAY MY ACCOMMODATION DEPOSIT BEFORE I ARRIVE? WILL I STILL HAVE MY ROOM?**

If you don’t pay your reservation deposit your room will be cancelled and you will not have accommodation when you arrive.

**CAN I BOOK A ROOM WHEN I ARRIVE IN SWANSEA?**

No. Students must book their accommodation in advance. If you arrive on campus without making a booking, you will need to check into a hotel or alternative temporary accommodation, as we may not have a room available or ready for your arrival.

**CAN I REQUEST A SPECIFIC RESIDENCE?**

Yes. You can state your preferences in the ‘additional information’ section on the application form. However, we cannot guarantee that we can meet your request.

**HOW ARE ROOMS ALLOCATED? WILL I BE LIVING WITH STUDENTS ON THE SAME COURSE?**

There will be a mixture of students from various countries living together and studying on different courses. However, we will take into consideration the age of students when allocating rooms.

**CAN I REQUEST ALCOHOL FREE, QUIET, OR SAME SEX ACCOMMODATION?**

Yes. This is available on request and you must specify on your application form if you would like to live in one of these areas.

It is essential that university and private accommodation is booked in advance to avoid any inconvenience on your arrival. Please see our website for information on how to book accommodation:

swansea.ac.uk/accommodation

**UNIVERSITY RESIDENCES**

**SINGLE STUDY ROOMS**

These are rooms that are available for one student only. In Beck House, there are a limited number of family flats for couples and students with their families. All other residences are mainly single rooms. Bay Campus also has twin rooms as well as 1-bed and 2-bed flats.

**BEDDING**

Bedding is not provided. You will need to provide your own bedding (duvet, blankets and pillows) and bed linen (sheets). These are available to buy at low cost from local shops and supermarkets.

**BATHROOMS**

En-suite rooms have a toilet, wash basin and shower. A standard room involves sharing a toilet, shower and/or bath with other students. Some standard rooms have wash basins in the room.

**KITCHEN**

Kitchens are fully equipped and have a table/seating area. You will need to provide your own cooking utensils and crockery.

**FURNITURE**

All rooms are fully furnished with a bed, wardrobe, desk, chair and shelves, and with WiFi access. Singleton Park Campus beds are single sized. Bay Campus beds are 3/4 sized, except for the twin rooms where the beds are single. Beck House also has single sized beds, unless specified otherwise, for example, in the family flats. Televisions are not provided in our residences.

Swansea University Students’ Union (SUSU) exists to enhance your experience at Swansea University. As a Swansea University student you are immediately part of the Union’s vibrant and diverse 17,000+ student membership. The Union is run by students at Swansea for students and will help make sure you get the most out of your education and enjoy every aspect of university life, whether it’s getting involved in activities, meeting people at events or socialising in Union-supported venues.

THE UNION OFFERS:

• Entertainment and events on and off campus – including Freshers’ week, Summer Ball and Varsity
• Student newspaper, television station and radio station
• Bars on campus, in the city centre and at the student village
• Advice and Support Centre – providing independent support for students
• Student representation to the University

“Studying at Swansea University we are to make sure that you get the absolute best out of university experience and enjoy every aspect of university life whether it’s getting involved in societies, going to events and socialising in our venues.

Five elected full time officers, seventeen part-time officers and a team of staff and volunteers are here to help make your experience at Swansea University the best it can possibly be!”

Chisomo Phiri, President of Swansea University Students’ Union

At Swansea we pride ourselves on our dedication and commitment to sport and active living. The University’s sports department ‘Sport Swansea’ encompasses all areas of sport and recreation, welcoming every level of sporting ability.

In 2015, the New Zealand All Blacks used our Sports Village as a training ground for the Rugby World Cup; we hosted Paralympic teams from Mexico and New Zealand ahead of the 2012 Paralympic Games, and we hosted the 2014 IPC European Athletics Championships. We have strong links with Swansea City FC and professional rugby teams, the Ospreys and the Scarlets, who also have training bases with us.

STUDENTS AND ALUMNI CAN TAKE ADVANTAGE OF GREAT VALUE GYM MEMBERSHIP WHICH INCLUDES:

- Unlimited to use of the Uni-Gym at both the Sports Village and Bay campus
- Access to FREE fitness classes
- Free entry to off peak racquet sports

SINGLETON PARK SPORTS FACILITIES:
Next to the Singleton Park Campus is our International Sports Village which includes:

- A gym
- Squash courts
- Fitness and spin studios
- Multi-purposes sports hall
- Physiotherapy clinic and soft tissue therapy clinic
- Outdoor tennis courts, playing fields, athletic track and field, sports pavilion and astro turf pitches

THE WALES NATIONAL POOL
The Wales National Pool is home to one of British Swimming’s High Performance Centres and was used as a training base for two international Paralympic teams. The pool is located at the centre of the Sports Village and it also runs Sub-Aqua and Surf Fitness classes.

BEACH AND WATERSPORTS
Home to the UK’s only University Beach & Watersport Centre, the 360 centre offers lessons, recreation and even a place to eat and drink. You can try out a variety of sporting activities and training opportunities including kite surfing, paddle boarding, kayaking, beach volleyball and more. This, together with the Wales National Pool and our coastal environment, means Swansea has one of the best water sports offerings of any British University.

SPORTS FACILITIES AT THE BAY CAMPUS:
The Bay campus features a full height sports hall that can accommodate basketball, badminton, netball, volleyball, fencing and archery. There is also a fully equipped gym with a functional room for spin and kettlebells as well as changing facilities. Other sporting facilities and services include:

- A floodlit multi-use games area and half basketball court
- Training pitches
- Programmes of beach sports such as rugby, beach soccer, volleyball and beach tennis
- Instructor-led watersports programme in stand-up paddleboarding (SUP) and kayaking
- Cycle hire, exercise and jogging routes

THINK SPORT ... THINK SWANSEA

STUDENTS AND ALUMNI CAN TAKE ADVANTAGE OF GREAT VALUE GYM MEMBERSHIP WHICH INCLUDES:

- Unlimited to use of the Uni-Gym at both the Sports Village and Bay campus
- Access to FREE fitness classes
- Free entry to off peak racquet sports

FIND OUT MORE:
swansea.ac.uk/sport
Swansea University offers international students more than just a UK-based experience. With links to more than 100 partner universities and organisations around the world, we aim to offer all undergraduate students the chance to study or work abroad during their studies.

Employers acknowledge that spending time abroad, as part of a study, work or cultural placement:

- Builds confidence, self-awareness and maturity
- Develops a global perspective and intercultural awareness
- Facilitates adaptability to new environments and challenges
- Improves communication and language skills
- Develops transferable skills to help your future career

GO FURTHER … GO GLOBAL

YEAR ABROAD
Students on a 4-year degree scheme, which includes a year abroad, will be able to study at a partner university in their third year. There are also options to spend this year completing an international work placement or teaching assistantship, providing you with the opportunity to gain experience in a professional international environment.

SEMESTER ABROAD
Some degree schemes offer the option to spend a semester abroad, either working or studying. Spending a semester abroad at one of our partner institutions allows you to study in a different academic environment and offers another perspective on your studies.

SHORT AND SUMMER PROGRAMMES
Short and summer programmes are a fantastic way to gain valuable international experience in addition to your degree. Options are available in countries such as the USA, Japan, France, Germany and India to name but a few, and types of programmes include culture and study tours, study programmes, volunteering programmes and internships.

FUNDING
The Erasmus+ student mobility programme, funded by the European Commission, provides funding for students to study or work abroad in another European country or ‘partner’ state.

Swansea University’s Go Global Team offers bursaries towards the cost of short and summer programmes and also to students studying abroad outside of Europe.

YEAR ABROAD
Shannon spent a year abroad on a work placement in Belize, Central America on a shrimp farm as a Research and Development Assistant.

“Belize required me to approach situations very differently to how I would have done in the U.K. My responsibilities included managing a team and dealing with all aspects of people management, running trials, in production ponds and aquariums as well as shrimp physiology, water quality, hatchery and pond management. This year abroad has been very successful, so much so that I have been offered a place in the company’s graduate training scheme on the completion of my Marine Biology degree.”

BETHAN NANKIVELL, COLLEGE OF ARTS AND HUMANITIES (SEMESTER ABROAD)

BA Political and Cultural Studies student Bethan Nankivell spent a semester of study at City University, Hong Kong.

“Being in the centre of Hong Kong gave me the experience of living in a city that was always buzzing with things to do and places to eat, and studying at a local uni gave me the opportunity to really get submerged in the culture. Hong Kong has so much going for it, as a city, a home and a base for travelling and exploring other areas in South East Asia.”

JONATHAN BRADFIEL, SCHOOL OF MANAGEMENT (YEAR ABROAD)

Jonathan spent a year abroad in Canada, studying at the University of York, as part of his BA International Business Management.

“I wanted to have the opportunity to travel, something I certainly managed during my time in Canada. I was fortunate enough to visit Niagara Falls, Montreal, New York and also to go skiing. These were all great experiences, and I’ve formed memories I will never forget.”

Email: studyabroad@swansea.ac.uk
FEES AND FUNDING

The tuition fee you pay will depend on your choice of course and classification as either an international or home/EU student. Please note that tuition fees for years of study after your first year are subject to an increase of 3% for international students. All tuition fees are listed on each course page:

UNDERGRADUATE: swansea.ac.uk/undergraduate/courses
POSTGRADUATE: swansea.ac.uk/postgraduate

INTERNATIONAL STUDENT DEPOSIT

All international students (non-EEA) must pay a £2,000 deposit before we can issue your Confirmation of Acceptance for Studies (CAS) which you will need for your visa application.

OTHER COSTS

In addition to tuition fees there may be further costs such as:
- Visa costs – information on visa costs can be found on the UKCISA website: www.ukcisa.org.uk
- NHS Surcharge – this fee has been introduced by the UK Government.
- Additional course costs – please check the course pages for additional costs, which are in addition to the course fee and accommodation.

COST OF LIVING

The cost of living in Swansea is relatively low compared to many other cities in the UK. However, it is still vital that any potential student prepares their finances before they attend university. The average student studying at Swansea will spend between £7,000 and £11,000 (over 52 weeks) on living costs depending on lifestyle choices.

FIND OUT MORE: swansea.ac.uk/international/students/fees-and-funding

WORKING WHilst STUDYING

If you are a full-time undergraduate student, you can also work up to 20 hours a week to help fund your studies. This is a guideline as the number of hours you may be able to work will depend on the intensity of your course and you are advised to speak with your Academic College or School when considering taking on part-time work.

If you are a student from the European Economic Area, you will need to comply with the Worker Registration Scheme before you can work in the UK. Please note that this may be subject to change once the UK has left the EU in 2019. If you are from outside of the EEA, you will need to obtain a National Insurance number and may have to fulfil other requirements. Please note that for international students on a Tier 4 student visa there will be restrictions on the number of hours you are permitted to work. For further information, please visit the International@Campus Life website: swansea.ac.uk/international-campuslife

INTERNATIONAL CRISIS FUND

Swansea University has established a small fund to provide emergency assistance for international students who face financial difficulties not anticipated at the start of the course, and not within their control. For further information visit our website: www.swansea.ac.uk/money-campuslife

NORTH AMERICAN LOANS

USA:

Swansea University also works with the private lender Sallie Mae and participates in the VA Educational Benefits Programme for U.S Veterans or dependants.

CANADA:

Swansea University is a designated institution for the Canadian Student Loan program. Our 4 digit Educational Institution code is “PUCM”.

Canada Student Loans are issued and managed through the National Student Loans Service Centre, and are usually applied for at provincial level. Please visit www.canlearn.ca for full details on the application process and eligibility information.

INTERNATIONAL SCHOLARSHIPS

We have a wide range of scholarships available to students who can demonstrate academic and personal excellence. Below are just some of the scholarship schemes available:

INTERNATIONAL EXCELLENCE AND MERIT SCHOLARSHIP

International Excellence Scholarships worth up to £6,000 for undergraduate study and up to £4,000 for postgraduate study. We also offer Merit Scholarships for high achieving students worth £2,000 in recognition of the potential we see in you for your time at Swansea University.

ALUMNI AWARDS

Scholarships of up to £5,000 off tuition fees are available for non-EU students who have completed a full degree with us and go onto a Postgraduate Taught or Research programme.

CHEVENING SCHOLARSHIP

Swansea University is a popular destination for Chevening Scholars and it is honoured to support this scholarship programme. Awards are typically for a one year taught master’s degree and are awarded to outstanding scholars with leadership potential.

SANTANDER SCHOLARSHIP

Swansea is proud to be part of the Santander Network of Universities and welcomes applications from Argentina, Brazil, Colombia, Chile, Mexico, Puerto Rico and Uruguay for its Santander Scholarship worth up to £6,000.

EIRA DAVIES SCHOLARSHIP

Swansea University welcomes applications from female students ordinarily resident in a developing country who are admitted to study a taught master’s course within the College of Human and Health Sciences at Swansea University. This is a full tuition fee scholarship and is awarded to a student who demonstrates academic excellence and evidence of financial need.

FURTHER INFORMATION ON HOW TO APPLY CAN BE FOUND HERE: swansea.ac.uk/international-scholarships
ENGLISH LANGUAGE TRAINING SERVICES

STUDYING ENGLISH LANGUAGE WITH SWANSEA UNIVERSITY

Studying academic English with the English Language Training Services (ELTS) will give you the skills and confidence to help you get the most out of your university course and time in Swansea. ELTS offers a fantastic range of pre-sessional programmes to improve your English language and academic study skills before starting your university course.

ELTS is accredited by both the British Council and BALEAP. All members of the ELTS team are qualified professionals with many years’ experience of delivering high quality English language learning and training to students from all over the world. As fully enrolled members of the University, all ELTS students have access to university facilities including the library, IT services, and the Sports Village.

COURSES AT ELTS

English for University Studies (EUS)

This academic 10-week preparatory programme for all subjects is offered at a range of different language levels. These year-round programmes are ideal if you need more time to develop your English language and academic study skills to the required level for university entry to foundation, undergraduate (Bachelor’s) and postgraduate (taught master’s and PhD) study.

Academic Skills For Business Pre-Sessional (ASBP)

A specialist 10-week preparatory programme for Business and Management students. The ASBP programme is ideal if you need to develop your business English and academic skills to the required level for university entry to Foundation, undergraduate and postgraduate Business programmes or the pre-Masters Management programme within International College of Wales Swansea (ICWS). To join ASBP you will need a minimum of IELTS 5.5 (or equivalent). If you do not meet the IELTS level for ASBP, we recommend you study on our English for University Studies (EUS) pre-sessional programme before progressing to ASBP.

There are 3 entry points to our year-round pre-sessional courses: October, January, and April. Your entry point will depend on your current level of English and the level you need to attain.

Further information about our courses, fees, start dates, minimum entry requirements and accommodation is available on our website: www.swansea.ac.uk/elts

If you would like to ask us any questions or register for information, please contact elts@swansea.ac.uk or call +44 (0) 1792 295391
In this directory we have listed a selection of subjects available from the University. For full course listings, please use the A-Z course lists online.

UNDERGRADUATE COURSES:
www.swansea.ac.uk/undergraduate/courses

POSTGRADUATE TAUGHT COURSES:
www.swansea.ac.uk/postgraduate/taught

POSTGRADUATE RESEARCH COURSES:
www.swansea.ac.uk/postgraduate/research

Entry requirements within this directory are a guide of our typical requirements – please note that the offer you are made will depend on your academic history and the qualifications you provide. Do make sure that you visit the course pages via the A-Z guide on our website for further information and that you check our website for entry requirement equivalencies before submitting an application.

www.swansea.ac.uk/international/students/requirements

STUDY OPTIONS

There are a number of ways in which you can study with at Swansea University.

FULL DEGREE
Most students will choose to study their full degree with us, choosing from one of our undergraduate or postgraduate programmes.

Swansea’s average A level entry tariff for Undergraduate programmes is AAA (360 tariff points) to CCD (220 tariff points).

Taught postgraduate courses (MA, MSc, LLM) normally require the equivalent of an honours Bachelor’s degree from a recognised institution. Research courses (MRes, MPhil, PhD) normally require an upper level equivalent of an honours Bachelor’s degree from a recognised institution or a Master’s degree for PhD.

We have listed average entry requirements for each country here:
www.swansea.ac.uk/international/students/requirements

If you have any questions about your qualifications, please contact us at:
international.admissions@swansea.ac.uk

FOUNDATION AND PRE-MASTERS COURSES
If you do not meet the entry requirements for your chosen undergraduate or postgraduate degree, you might be able to study a Foundation or Pre-Masters course with us which will bring you up to the required level.

We offer courses to bridge any gaps between qualifications you hold already and the ones you need to begin a degree course at Swansea. This could be because you need to develop your English language skills, improve on your academic qualifications, or both.

ENGLISH LANGUAGE ENTRY REQUIREMENTS
International applicants are expected to show a good level of English for entry into the UK and for our courses. English language requirements are stated on the individual course pages online. In most cases, we require an IELTS 6.0 or equivalent for undergraduate entry and IELTS 6.5 or equivalent for postgraduate entry. However, there may be some variation, so please check the course pages online, or contact us if you are unsure. The University also recognises a range of English language tests and qualifications which are recognised by the UK Home Office as secure English language tests (SELT).

www.swansea.ac.uk/international/students/courses

If you don’t meet the English Language requirement for your course, you can enrol with our English Language Training Services to improve your skills. See Page 37 in this guide or visit: www.swansea.ac.uk/elts

VISITING AND EXCHANGE (STUDY ABROAD)
We welcome applications from students who would like to spend just a year or a semester studying with us. In this instance you will either pay fees directly to Swansea University or via your home university’s Study Abroad Office, if they have a direct partnership with us.

If your home university has a reciprocal exchange agreement with us you may be able to spend a semester or year studying at Swansea University.

To find out more about the Visiting and Exchange opportunities at Swansea University, visit:
www.swansea.ac.uk/international/studyabroad
UNDERGRADUATE COURSES
- BSc Accounting and Finance
- BSc Accounting
- BSc Finance

POSTGRADUATE COURSES
For students from any academic background
- MSc Accounting and Finance
- MSc Financial Management
- MSc Finance and Business Analytics

Advanced taught programmes
- MSc Finance
- MSc International Banking and Finance
- MSc Investment Management
- MSc Strategic Accounting

RESEARCH DEGREES
We invite applications from well-qualified candidates whose research interests correspond to our areas of research expertise.

TYPICAL UNDERGRADUATE REQUIREMENTS
A LEVELS: AAB-BBB (excluding General Studies). No Business/Accounting/Finance/Maths required at this level.
REQUIRED GCSEs: English and Maths at grade C or above
IB: 32 to 33 with minimum 5 in English language
IFS DIPLOMA IN FINANCIAL STUDIES: AAT Diploma in Accounting; Cambridge International Pre-U Certificate; OCR Cambridge Technical Diploma can also all be used towards admission.

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects:
www.swansea.ac.uk/undergraduate/courses

TYPICAL POSTGRADUATE REQUIREMENTS
2:2 (OR OVERSEAS EQUIVALENT) IN AN UNDERGRADUATE DEGREE
Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects:
www.swansea.ac.uk/postgraduate/courses

English Language: IELTS score of 6.0 overall with no component less than 5.5 or equivalent

TYPICAL UNDERGRADUATE REQUIREMENTS
A LEVELS: AAB-BBB to include Biology or Human Biology
REQUIRED GCSEs: English and Maths at grade C or above
IB: 32 to 33 including 5 in Biology or Human Biology at HL

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects:
www.swansea.ac.uk/postgraduate/courses

English Language: 6.0 overall with no component less than 6.0 in IELTS or equivalent

FIELDWORK OPPORTUNITIES IN LOCAL AREA OF OUTSTANDING NATURAL BEAUTY
$2.2 million for sustainable aquatic research (CSAR)
$1.35 million for Animal Movement (SLAM)
$1.3m investment in a purpose-built 18 m catamaran-class survey vessel equipped with state-of-the-art survey and research equipment
• All courses professionally accredited by CMI, including qualification exemption
• Team of careers advisors within the School of Management dedicated to enhancing your employability and graduate prospects
• Final Year Project engages students with businesses in real-life consultancy activities

UNDERGRADUATE COURSES
• BSc Business Management
• BSc Business Management (Marketing)
• BSc Business Management (Entrepreneurship)
• BSc Business Management (Operations and Supply Management)
• BSc Business Management (Finance)
• BSc Business Management (e-Business)
• BSc Business Management (Management Consulting)
• BSc Business Management (Business Analytics)
• BSc Business Management (Human Resource Management)
• BSc Marketing

POSTGRADUATE COURSES
Masters courses are available to students from any background with generalist and specialist programmes available.
• MSc Management
• MSc Management (Marketing)
• MSc Management (Finance)
• MSc Management (Human Resource Management)
• MSc Management (Operations and Supply Chain Management)
• MSc Management (International Management)
• MSc Management (International Standards)
• MSc Management (Business Analytics)
• MSc Strategic Marketing

RESEARCH DEGREES
We invite applications from well-qualified candidates whose research interests correspond to our areas of research expertise.
Applicants are encouraged to explore the research expertise of the School to ensure a good fit between PhD proposals and potential supervisors. Information about current faculty and the School’s research groups can be found at: www.swansea.ac.uk/som/research

POSTGRADUATE COURSES

Taught Master’s
- MSc Advanced Software Technology
- MSc Computer Science
- MSc Data Science
- MSc Computer Science: Informatique (Swansea route)
- MSc Computer Science: Informatique (Grenoble route)
- MSc High Performance and Scientific Computing (Computer Science Route)

MPhil, MRes and PhD Degrees
- MRes in Visual Computing
- MRes in Logic and Computation
- MRes in Computing and Future Interaction Technologies
- MSc by Research in Human Computer Interaction
- MSc by Research in Theoretical Computer Science

The Department is always keen to attract high-quality postgraduate students to join its three main research groups:
- Future Interaction Technology
- Theoretical Computer Science
- Visual Computing

UNDERGRADUATE COURSES
All of the following courses have a Year in Industry option and a Year Abroad option:
- BEng/MEng Aerospace Engineering
- BEng/MEng Chemical Engineering
- BEng/MEng Civil Engineering
- BEng/MEng Electrical and Electronic Engineering
- BEng/MEng Materials Science and Engineering
- BEng/MEng Mechanical Engineering
- BEng/MEng Medical Engineering
Engineering Foundation Year (available with all of the above BEng course pathways and as a 'Deferred Choice' option)

POSTGRADUATE COURSES

Aerospace
- MSc Aerospace Engineering
- MSc by Research in Aerospace Engineering
- PhD or MPhil Aerospace Engineering
- Fully Funded Engineering Doctorate (EngD)

Civil
- MSc Civil Engineering
- Erasmus Mundus MSc in Computational Mechanics
- MSc Computer Modelling and Finite Elements in Engineering Mechanics
- MRes Computer Modelling in Engineering
- MSc by Research in Civil Engineering
- PhD or MPhil Civil Engineering
- Fully Funded Engineering Doctorate (EngD)

Computational
- Erasmus Mundus MSc in Computational Mechanics
- MSc Computer Modelling and Finite Elements in Engineering Mechanics
- MRes Computer Modelling in Engineering
- PhD or MPhil Civil Engineering
- Fully Funded Engineering Doctorate (EngD)

Electronic and Electrical
- MSc Electronic and Electrical Engineering
- MSc Power Engineering and Sustainable Energy
- MSc Communications Engineering
- MRes Communication Systems
- MSc by Research in Electronic and Electrical Engineering
- PhD or MPhil Electronic and Electrical Engineering
- Fully Funded Engineering Doctorate (EngD)

Environmental
- Fully Funded Engineering Doctorate (EngD)
- Management
- MSc Engineering Management and Leadership
- MSc Sustainable Engineering Management for International Development

Materials
- MSc Materials Engineering
- MRes Materials Engineering
- MSc by Research in Materials Engineering
- PhD or MPhil Materials Engineering
- Fully Funded Engineering Doctorate (EngD)

Mechanical
- MSc Mechanical Engineering
- MSc by Research in Mechanical Engineering
- PhD or MPhil Mechanical Engineering
- Fully Funded Engineering Doctorate (EngD)

Medical
- MSc by Research in Tissue Engineering and Regenerative Medicine
- Fully Funded Engineering Doctorate (EngD)

Nanotechnology
- MSc Nanoscience to Nanotechnology
- MSc by Research in Nanotechnology
- PhD or MPhil Nanotechnology
- Fully Funded Engineering Doctorate (EngD)

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/postgraduate/courses
English Language: IELTS score of 6.5 overall with no component less than 6.0 or equivalent

- Courses accredited the relevant professional engineering institutions
- Well-established links with industry
- Year in Industry and Year Abroad options available
- Based as the University’s brand new £450 million Bay Campus, which has four buildings dedicated to Engineering, holding 30,000m² of laboratory and office space and over £10 million of new research and teaching equipment
UNIVERSITY OF SWANSEA

GEOGRAPHY  
SINGLETON CAMPUS

- International fieldwork and study opportunities
- One of the most well established Geography departments in the UK
- Diverse and flexible curriculum choice

UNDERGRADUATE COURSES
- BA/BSc Geography*
- BA Human Geography*
- BSc Physical Geography*
- BSc Physical Earth Science*
- BSc Geography and Geo-informatics
- BSc Geography with a Year Abroad
- BSc Joint Honours Geography and American Studies
- BA Joint Honours Geography and American Studies: 4-year programme with a year studying in North America

*Have a year in industry option

POSTGRADUATE COURSES
- MSc Environmental Dynamics and Climate Change
- MSc Geographic Information and Climate Change
- MSc High Performance and Scientific Computing (Geography Route) MSc by Research Degrees
- MSc by Research Earth Observation
- MSc by Research Environmental Dynamics
- MSc by Research Glaciology
- MSc by Research Global Environmental Modelling
- MSc by Research Global Migration
- MSc by Research Media Geographies
- MSc by Research Social Theory and Space
- MSc by Research Urban Studies

MPhil and PhD study in Human Geography and Physical Geography in areas including:
- Environmental Dynamics
- Glaciology
- Global Environmental Modelling and Earth Observation
- Migration, Boundaries and Identity
- Social Theory and Urban Space

TYPICAL UNDERGRADUATE REQUIREMENTS

A LEVELS: AAB-BBB to include Geography or a related subject
IB: 32 – 34 including 5 in Geography at HL

HISTORY AND CLASSICS  
SINGLETON CAMPUS

- Many joint honours combinations available for undergraduate programmes
- Numerous opportunities for work placements
- Many of the programmes have the option of spending a year or semester abroad

UNDERGRADUATE COURSES
- BA Ancient History single and joint honours
- BA Ancient and Medieval History
- BA Classics
- BA Classical Civilisation single and joint honours
- BA Egyptology single and joint honours
- BA History single and joint honours

Joint Honours combinations include: Languages, Medieval Studies, American Studies, English Literature, Politics and Law

POSTGRADUATE COURSES
- MA Ancient History and Classical Culture
- MA Ancient Egyptian Culture
- MA Ancient Narrative Literature
- MA Early Modern History
- MA History
- MA Modern History
- MA Medieval Studies
- MA Public History and Heritage

MPhil and PhD Degrees

The department seeks to attract research students in the following areas: Egyptology, Greek and Roman History, Classical Archaeology, Ancient Technology, The Ancient Novel and Narrative Fiction, Medieval, Early Modern and Modern History.

Ageing
- MPhil/PhD Ageing Studies

Childhood
- MPhil/PhD Children and Young People

Healthcare
- Doctorate in Professional Practice
- MPhil/PhD Health studies
- MPhil/PhD Health Policy
- MPhil/PhD Health Economics
- MPhil/PhD Health Psychology
- MPhil/PhD Health Humanities
- MPhil/PhD Nursing
- MPhil/PhD Public Health
- MPhil/PhD Healthcare Management
- MPhil/PhD Mental Health
- MPhil/PhD Social Policy
- MPhil/PhD Social Work and Social Care

TYPICAL UNDERGRADUATE REQUIREMENTS

A LEVELS: AAB-ABB
REQUIRED GCSES: English or and Maths at grade C or above
IB: 30 – 32
Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swanseac.ac.uk/undergraduate/courses

English Language: IELTS score of 6.0 overall with no component less than 6.0 or equivalent

TYPICAL POSTGRADUATE REQUIREMENTS

2:1 (OR OVERSEAS EQUIVALENT) IN AN UNDERGRADUATE DEGREE

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swanseac.ac.uk/postgraduate/courses

English Language: IELTS score of 6.5 overall with no component less than 6.0 or equivalent

LANGUAGES, LINGUISTICS & LITERATURE
SINGLETON CAMPUS

- Numerous study and work abroad opportunities
- BA TESOL students can also take a Certificate of English Language Teaching for Adults (CELTA)
- Swansea is the birthplace of Dylan Thomas, widely regarded by many literary scholars as one of the Twentieth Century’s most influential lyrical poets

UNDERGRADUATE COURSES

- BA English Language (single and joint honours)
- BA TESOL and English Language
- BA TESOL and English Literature
- BA TESOL and Languages
- BA English with Creative Writing
- BA English Literature (single and joint honours)
- BA English and Gender
- BA French (single and joint honours)
- BA German (single and joint honours)
- BA Italian (single and joint honours)
- BA Spanish (single and joint honours)
- BA Modern Languages
- BA Modern Languages and Interpreting
- BA English-Chinese Translation & Interpreting
- Joint honours combinations include; Law, History, International Relations and Politics

POSTGRADUATE COURSES

- MA TESOL
- MA Creative Writing
- MA Creative Writing (extended)
- MA English Literature
- MA Professional Translation (one or two year options available)
- MA Translation and Interpreting
- MA Welsh Writing in English
- MA Chinese-English Translation and Language Teaching

MA by Research, MPhil and PhD Degrees
- Applied Linguistics
- English Literature
- Creative Writing

TYPICAL UNDERGRADUATE REQUIREMENTS

A LEVELS: BBB. ABB- BBB for joint honours with Law
IB: 32 – 33
Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swanseac.ac.uk/undergraduate/courses

English Language: IELTS score of 6.5 overall with no component less than 5.5 in IELTS or equivalent

TYPICAL POSTGRADUATE REQUIREMENTS

2:2 (OR OVERSEAS EQUIVALENT) IN AN UNDERGRADUATE DEGREE

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swanseac.ac.uk/postgraduate/courses

English Language: IELTS score of 6.5 overall with no component less than 6.0 or equivalent
UNDERGRADUATE COURSES

- LLB Law
- LLB Business Law
- LLB Law (Crime and Criminal Justice)
- LLB Senior Status
- LLB Law joint honours with one of the following subjects: American Studies / Criminology / French / German / History / Italian / Politics / Spanish / Welsh
- MLaw Human Rights

POSTGRADUATE COURSES

- LLM Human Rights
- LLM International Maritime Law
- LLM International Trade Law
- LLM International Commercial Law
- LLM International Commercial and Maritime Law
- LLM Intellectual Property and Commercial Practice
- LLM Oil and Gas Law Professional Courses
- Graduate Diploma in Law (GDL)
- Legal Practice Course (LPC)
- LLM Legal Practice and Advanced Drafting

RESEARCH DEGREES

We offer Law PhD and MPhil degrees in a range of areas including children’s rights, common, contract and commercial law, comparative law, criminal law, cyberterrorism, environmental and energy law, European Union law, human rights law, international shipping and trade law, legal philosophy, law and neuroscience, oil and gas law and public and constitutional law.

A LEVELS: AAB-BBB to include a relevant second language if taking a joint honours degree including a language
IB: 34

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/undergraduate/courses

TOP 250 LAW
(QS World Rankings by Subject 2017)

TYPICAL UNDERGRADUATE REQUIREMENTS

A LEVELS: AAB-BBB to include a relevant second language if taking a joint honours degree including a language
IB: 34

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/undergraduate/courses

English Language: 6.0 overall with no component less than 5.5 in IELTS or equivalent

TYPICAL POSTGRADUATE REQUIREMENTS

2:2 (OR OVERSEAS EQUIVALENT) IN AN UNDERGRADUATE DEGREE

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/postgraduate/courses

English Language: IELTS score of 6.5 overall with no component less than 6.0 or equivalent

UNDERGRADUATE COURSES

- BSc Mathematics
- BSc Mathematics with a Year in Industry
- BSc Pure Mathematics
- BSc Applied Mathematics
- BSc Mathematics for Finance
- BSc Mathematics for Finance with a Year in Industry
- MMath Mathematics
- BSc Mathematics (with Integrated Foundation Year)

POSTGRADUATE COURSES

- MSc Mathematics and Computing for Finance
- MSc Mathematics
- MRes Stochastic Processes: Theory and Application
- MSc by Research in Mathematics

MPhil and PhD programmes are available in areas including:

- Algebra and Topology
- Analysis and Nonlinear Partial Differential Equations
- Stochastic Analysis
- Mathematical Methods in Biology and Life Sciences

A LEVELS: AAB-BBB to include Maths
IB: 32 – 34 to include 6 in HL Maths

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/postgraduate/courses

English Language: IELTS score of 6.0 overall with no component less than 5.5 in IELTS or equivalent

TYPICAL POSTGRADUATE REQUIREMENTS

2:2 (OR OVERSEAS EQUIVALENT) IN AN UNDERGRADUATE DEGREE

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/postgraduate/courses

English Language: IELTS score of 6.0 overall with no component less than 5.5 or equivalent

LAW | SINGLETON CAMPUS

MATHS | BAY CAMPUS
UNDERGRADUATE COURSES

- BSc Applied Medical Sciences (3 years)
- BSc Applied Medical Sciences (with a foundation year) (4 years)
- BSc Biochemistry
- BSc Genetics
- BSc Medical Biochemistry
- BSc Medical Genetics
- BSc Biochemistry and Genetics
- MSci Biochemistry
- MSci Genetics
- MSci Medical Biochemistry
- MSci Medical Genetics
- MSci Biochemistry and Genetics

POSTGRADUATE COURSES

- MRes Medicine and Life Sciences
- MRes/ DProf Research in Health Professions Education
- MRes, MSc by Research in Health Professions (Distance learning)
- MRes Applied Analytical Science (LMCS)
- MSc by Research: Nanotechnology
- MSc by Research: Lattice Gauge Theory
- MSc by Research: Cold Atoms and Quantum Optics
- MSc by Research: Antimatter Physics
- MSc by Research: Quantum Fields and Strings
- MSc by Research: Theoretical Particle Physics
- MSc by Research: Health Informatics
- MSc by Research: Leadership for the Health Professions

TYPICAL UNDERGRADUATE REQUIREMENTS

A LEVELS: ABB-BBB STEM subjects. Chemistry is essential for Biochemistry related programmes; Biology is essential for Genetics related programmes and Applied Medical Sciences
IB: 32
Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/undergraduate/courses
English Language: 6.0 overall with no component less than 5.5 in IELTS or equivalent

MEDICINE REQUIREMENTS

- MSc Health Informatics
- MSc Leadership for the Health Professions
- MSc Leadership for the Health Professions (Distance learning)
- MSc Medical Radiation Physics
- MSc Nanomedicine

MRes, MRes, PhD and MD Degrees

Research themes include:
- Biomarkers and Genes
- Devices
- Microbes and Immunity
- Patients and Population Health and Informatics

MRes programmes:
- MRes Applied Analytical Science (LMCS)
- MRes Health Informatics
- MRes/ DProf Research in Health Professions Education
- MRes Medicine and Life Sciences

TYPICAL UNDERGRADUATE REQUIREMENTS

A LEVELS: ABB-BBB STEM subjects. Chemistry is essential for Biochemistry related programmes; Biology is essential for Genetics related programmes
IB: 32 – 34 to include 6 in HL Maths and 5 in HL Physics
Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/undergraduate/courses
English Language: IELTS score of 6.5 overall with no component less than 6.0 or equivalent

MEDICINE REQUIREMENTS

- either an upper second (2.1) or first class degree in any subject
- or a merit or distinction (equivalent to 2.1 or first) in an integrated undergraduate masters degree or a lower second (2:2) PLUS a Postgraduate Masters or PhD
- GCSE Mathematics and English at grade C or above

Graduate Entry Medicine – please note that a GAMSAT score of at least 50 overall is required

TYPICAL POSTGRADUATE REQUIREMENTS

- Excellent links with CERN in Switzerland offering the opportunity of summer placements
- Courses accredited by the Institute of Physics
- Year in industry programmes available

UNDERGRADUATE COURSES

- BSc Physics
- BSc Physics with a Year in Industry
- BSc Physics (with Integrated Foundation Year)
- BSc Theoretical Physics
- BSc Theoretical Physics with a Year in Industry
- BSc Physics with Nanotechnology
- BSc Physics with Particle Physics and Cosmology
- BSc Physics with a Year Abroad
- MPhys Physics
- MPhys Physics with a Year Abroad
- MPhys Theoretical Physics
- MPhys Theoretical Physics with a Year in Industry

POSTGRADUATE COURSES

- MSc High Performance and Scientific Computing (Physics route)
- MSc by Research Degrees
- MSc by Research: Antimatter Physics
- MSc by Research: Cold Atoms and Quantum Optics
- MSc by Research: Laser Physics
- MSc by Research: Lattice Gauge Theory
- MSc by Research: Nanotechnology
- MSc by Research: Quantum Fields and Strings
- MSc by Research: Theoretical Particle Physics
- MSc Leadership for the Health Professions
- MPhys and PhD Degree

Research in areas include:
- Fundamental Atomic Physics
- Condensed Matter and Nanoscale Physics
- Analytical Laser Spectroscopy
- String Theory: quantum gravity and the AdS/ CFT correspondence
- Lattice gauge theories, QCD
- Supersymmetric field theory, perturbative gauge theory
- Field theory in curved spacetime
- Physics beyond the standard model
- Cold Atoms and Quantum Optics
- Quantum Control and Optimisation
- Medical Imaging (MRI)
- Physics of advanced materials with low embodied energy for applications in optoelectronics and biotechnology
- Biophysics and applications in biomedicine

TYPICAL UNDERGRADUATE REQUIREMENTS

A LEVELS: ABB-BBB to include Maths and Physics
IB: 32 – 34 to include 6 in HL Maths and 5 in HL Physics
Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/undergraduate/courses
English Language: IELTS score of 6.5 overall with no component less than 5.5 in IELTS or equivalent

TYPICAL POSTGRADUATE REQUIREMENTS

- 2:2 (OR OVERSEAS EQUIVALENT) IN AN UNDERGRADUATE DEGREE
- Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/undergraduate/courses
English Language: IELTS score of 6.0 overall with no component less than 6.0 or equivalent
UNDERGRADUATE COURSES

Single and Joint Honours courses are available:

• BA American Studies (3-year) and 4-year option available with a year in the USA
• BA Politics
• BA Philosophy, Politics and Economics
• BA International Relations
• BA War and Society

Joint Honours combinations include; Languages, History and Social Policy

POSTGRADUATE COURSES

• MA Development and Human Rights
• MA Gender and Culture
• MA International Security and Development
• MA International Relations
• MA Politics
• MA Governance and Public Policy
• MA War and Society

Extended MA programmes are also on offer, (4 semesters) which include a semester abroad in the Philippines, Germany or USA depending on course. Please see course listing for further information.

MPhil and PhD Degrees

The Department offers MA by Research, MPhil and PhD research degrees and invites research proposals on a wide range of topics including:

• Conflict and Security
• European Cultures
• International Relations
• Latin American Studies
• Political Analysis and Governance

TYPICAL UNDERGRADUATE REQUIREMENTS

A LEVELS: BBB. ABB-BBB for joint honours with Law
IB: 32 - 33

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/undergraduate/courses

English Language: IELTS score of 6.5 overall with no component less than 6.0 or equivalent

TYPICAL POSTGRADUATE REQUIREMENTS

2:2 (OR OVERSEAS EQUIVALENT) IN AN UNDERGRADUATE DEGREE

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/postgraduate/courses

English Language: IELTS score of 6.5 overall with no component less than 6.0 or equivalent

PUBLIC RELATIONS & COMMUNICATIONS

SOCIAL MEDIA MARKETING

• BA Public Relations and Media (3 yrs) Single Honours is accredited by the Chartered Institute for Public Relations.
• Work placements are offered in media, journalism, broadcasting and public relations organisations.

UNDERGRADUATE COURSES

• BA Media and Communication
• BA Public Relations and Media
• BA Media with joint honours options in languages
• BA Media with joint honours option with English Language
• BA Media with joint honours option with English Literature
• BA Media with joint honours option with Law

POSTGRADUATE COURSES

• MA Communication, Media Practice and PR
• MA Digital Media
• Erasmus Mundus MA Journalism, Media and Globalisation
• MA International Journalism

Students interested in pursuing a research degree can do so under the following themes:

• European Film and Identity
• Media, History, Theory, and Technology
• Journalism and the Media

TYPICAL UNDERGRADUATE REQUIREMENTS

IB: 32 - 33

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/undergraduate/courses

English Language: 6.0 overall with no component less than 5.5 in IELTS or equivalent

TYPICAL POSTGRADUATE REQUIREMENTS

2:2 (OR OVERSEAS EQUIVALENT) IN AN UNDERGRADUATE DEGREE

Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/postgraduate/courses

English Language: IELTS score of 6.5 overall with no component less than 6.0 or equivalent
UNDERGRADUATE COURSES
- BSc Psychology
- BSc Criminology and Psychology
- BSc Education and Psychology

POSTGRADUATE COURSES
- MSc Abnormal and Clinical Psychology
- MSc Research Methods in Psychology and Cognitive Neuroscience
- MSc Research Methods in Psychology

MPhil and PhD Degrees
- MPhil/PhD Psychology
- MPhil/PhD Health Psychology

Psychology research is organised around three broad themes:
- Brain and Behaviour
- Cognition and Perception
- Clinical and Health Psychology

TYPICAL UNDERGRADUATE REQUIREMENTS
A LEVELS: AAB-ABB
REQUIRED GCSEs: Minimum of 5 GCSEs at grade C or above
IB: 33 - 34
Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/undergraduate/courses
English Language: 6.0 overall with no component less than 5.5 in IELTS or equivalent

TYPICAL POSTGRADUATE REQUIREMENTS
2:2 (OR OVERSEAS EQUIVALENT) IN AN UNDERGRADUATE DEGREE
Please check the individual course pages on our website for more up to date, detailed and subject specific criteria, including recommended subjects: swansea.ac.uk/postgraduate/courses
English Language: IELTS score of 6.5 overall with no component less than 6.0 or equivalent

PSYCHOLOGY
SINGLETON CAMPUS

SPORT AND EXERCISE SCIENCE

NOW THAT YOU HAVE HAD AN INTRODUCTION TO SWANSEA UNIVERSITY, HERE IS WHAT YOU NEED TO DO NEXT:

1. FIND OUT MORE ABOUT OUR COURSES
   Visit our course pages to compare courses and view detailed information including entry requirements.

2. CHOOSE YOUR COURSE
   Decide on the perfect course for your entry level and career aspirations.

3. MEET OUR STAFF
   Check our Travel Calendar to see when staff are in your country or attend a webinar or virtual open day.

4. SUBMIT YOUR APPLICATION
   Use our free, online application system - OnTrack.

5. RECEIVE AN OFFER!
   Offers will be emailed to the address you provide on application within three weeks of a full application being made.

6. APPLY FOR ACCOMMODATION
   This can be done from February and once you hold an offer from us being made.

7. MEET CONDITIONS OF OFFER
   Email evidence of any conditions of your offer that you have met to: admissions@swansea.ac.uk or postgraduate.admissions@swansea.ac.uk

8. APPLY FOR YOUR CAS
   Have a look at our online checklist to see what steps you have to complete to be given your CAS number needed to apply for a visa.

9. BOOK ONTO MEET AND GREET
   An airport pickup service is available from Heathrow Airport for a small cost each September for new International and EU students.

IMPORTANT INFORMATION – PLEASE READ

The following message contains some very important information. Please read it before you use this guide.

This guide was printed in the summer of 2017. It contains information on the undergraduate and postgraduate programmes that Swansea University intends to run for students who are planning to start university in the autumn of 2018. We have made every reasonable effort to ensure that the information provided is both helpful and accurate as at the date of publication. However, some changes, for example to programmes, study location, tuition or fees may become necessary due to legitimate staffing, financial, regulatory or academic reasons. We will endeavour at all times to keep any changes to a minimum and to keep prospective students informed appropriately. Any changes to the information contained in this guide will be updated quarterly:

Undergraduate: www.swansea.ac.uk/undergraduate-programme-changes and on the online course pages at www.swansea.ac.uk/undergraduate/courses

Postgraduate: www.swansea.ac.uk/postgraduate-programme-changes and on the online course pages at www.swansea.ac.uk/postgraduate

WELCOME TO SWANSEA!

Be sure to visit our Arrivals pages before starting to make the most out of your first couple of weeks at University.

You can contact our dedicated, campus-based enquiries team if you have any questions: international@swansea.ac.uk | +44 1792 602600
