

Sustainability and Wellbeing Swansea University

Sustainability Strategy

Environmental Management System

Please be aware:

- In case of environmental incidents/accidents contact 333
- University's Sustainability Policy
- Aware of environmental operational procedures related to your work
- Waste and recycling system
- Switch off Energy conservation

Carbon, Energy and Water

For 2015/16

- Around £4 million was spent on energy to heat, light and power the University
- Carbon emissions from energy use were approximately 21,000 tonnes
- 227,000,000 litres of mains water and increasing each year

Saving Energy Together

Reduce carbon emissions by 35% by 2020

You can help:

- Computer power saving settings
- Unplug your mobile phone charger
- DVD players and TVs turn off at the plug not on standby
- Kettle use amount of water you need
- Lights switch them off if not needed or when leaving room
- Report faulty lights
