Bin/Bag Type	Blue topped yellow ridged clinical box 7ltr, 11ltr, 24ltr

Duty of Care Requirements

EWC 18-01-09 “Medicines other than those mentioned in 18 01 08”(Non-hazardous)
EWC 18 02 08 “Medicines other than those mentioned in 18 02 07” (Non-hazardous)

Description; Clinical waste medicines (not cytotoxic and cytostatic) from human or animal healthcare, for incineration only.

It is a legal requirement under the Hazardous Waste Regulations to segregate hazardous wastes from non-hazardous waste and to ensure all wastes are correctly classified. Incorrectly disposing of hazardous waste via a non-hazardous waste stream can lead to legal and financial penalties dependent upon the severity of the noncompliance. The Department of Health Technical Memorandum 07-01: Safe Management of Healthcare Waste¹, provides comprehensive guidance on the disposal of healthcare waste in line with industry standards, and legal requirements, and outlines the nationally recognised colour coded system for healthcare/clinical wastes.

Figure 1 – Description

Items

Non-cytotoxic/cytostatic waste medicines e.g. medicines that have been used in the treatment of patients such as unused, or part used, or out of date;

- Tablets
- Creams
